Some homes look good on paper but don't quite work in everyday life. This one does. It's designed to be lived in and enjoyed, both inside and out.~~Townhouse built in 2024 with around 137 m². Spacious living area with open-plan kitchen, three double bedrooms (one with its own terrace) and two full bathrooms. Well laid out, with no wasted space.~~The outdoor area really stands out. Southeast-facing rear garden with bioclimatic pergola, private pool and a well-kept surrounding space. Upstairs, the solarium has been put to good use, with solar panels providing shade and an outdoor kitchen that makes it easy to spend time there.~~The property is tastefully furnished and includes central air conditioning, heating and electric shutters.~~If you'd like to see it at your own pace, just get in touch and we'll arrange a viewing.~
